

Airport Open House 2009

Saturday, September 26th, 10:00 am - 5:00 pm

The City of Livermore, Airport staff and tenants invite the Tri-Valley community to celebrate their 14th annual Airport Open House on Saturday, September 26, 2009 from 10:00 AM until 5:00 PM at the Livermore Municipal Airport.

The Airport Open House is a free community event, featuring exhibits, food, entertainment, and a fabulous static display of Livermore based aircraft. Our local radio station, KKIQ, will be here giving away prizes and broadcasting live from 11:00 AM to 1:00 PM.

The Livermore Municipal Airport is home to over 600 aircraft, including General Aviation, Military/Warbirds, Antique/Classic, Experimental/Homebuilt, and Aerobatic type aircraft.

The local Chapter 663 of the Experimental Aircraft Association (EAA) will be signing up youngsters age 8 – 17 for "Young Eagle" airplane rides that will take place at a later date. These rides will provide them with an opportunity to experience flight, and learn about aviation from an EAA pilot.

Music and entertainment will be provided throughout the event by the Rock and Roll band "Soundchek" in addition to KKIQ Radio.

Come to the Airport! Meet representatives of local flight schools. View the amazing fleet of Livermore aircraft as well as airborne law enforcement and air rescue aircraft.

Food will be available at nominal cost, or bring a picnic lunch and enjoy the day!

**Free Parking
Free Admission**
